Supersedes 919 SOWI 21-201, 3 October 1997

Distribution: F; X: 10AF

*This instruction establishes procedures and assigns responsibilities for munitions residue and reusable container program. It implements Air Force Policy Directive 21-2, *Nonnuclear and Munitions*, AFI 21-201, *Inspection, Storage, and Maintenance of Nonnuclear Munitions*, TM 11A-1-60, *Inspection of Reusable Containers and Material Generated from Exposed to or Containing Explosives*. It applies to all units receiving munitions support from the 919th Munitions Storage Area.

SUMMARY OF REVISIONS: This revision clarifies to whom this instruction applies. Paragraph item 2 "Flight" changed to "Section". Paragraph item 3.5.1.1. through paragraph 3.5.1.3 and 3.5.2 added. Paragraph item 3.6 completely revised. Previous paragraph items 3.7, 3.8, 3.9, 3.10 deleted. An * indicates revisions from the previous edition.

1. CUSTOMER AND USER RESPONSIBILITIES:

- 1.1. Return all munitions residue with issuing containers within 3 working days.
- 1.2. Small arms brass residue will be separated by caliber/type.
- 1.3. All unsafe or failure to fire items (except small arms) will be handled by Eglin EOD.

***2. MUNITIONS SECTION RESPONSIBILITIES:**

- 2.1. Receive munitions residue from users.
- 2.2. Accomplish proper turn in documents required by AFRC supplement to T.O. 11A-1-60.
- 2.3. Maintain residue in secure storage until turn-in is complete.
- 2.4. Maintain empty/reusable containers in a secure state.
- 2.5. Ensure empty containers are properly banded or sealed and labeled for turn in.

2.6. Complete DD Form 1348-1, **DOD Single Line Item Released/Receipt Document**, for turn in of residue Eglin AFB to DRMO with the certification statement, signature, date and the budget clearing account code.

2.7. The 919 SOW focal point and technical advisor for the munitions residue and reusable container program is the Munitions Storage Section.

2.8. Transport and turn in all residues to Eglin AFB DRMO.

2.9. Maintain receipt file (DD Form 1348-1) for 2 years.

3. INSPECTOR'S RESPONSIBILITIES:

3.1. Only Certified Munitions Inspectors (2W0X1) or Explosive Ordnance Disposal personnel (3E8X1) are authorized to certify and process any munitions residue, to include small arms brass and empty munitions containers generated from training activities.

3.2. Ensure all munitions items are expended and free from any explosive or hazard material before turn in to Eglin AFB DRMO.

3.3. Ensure any unexpended munitions items are serviceable before they are returned to stock.

3.4. Ensure all unserviceable munitions items are identified, properly packaged, and labeled for turn in.

3.5. Ensure all containers are empty and properly labeled, marked, banded or sealed before turn-in.

*3.5.1. Containers destined for Eglin AFB DRMO requirements are as follows:

*3.5.1.1. All external markings that pertain to the original munitions item stored in the container will be obliterated.

*3.5.1.2. Remove lids, palletize containers on their side bordering the pallet in a manner that allows full view of container contents, lids will be placed in the center of the pallet.

*3.5.1.3. Turn in documents will be annotated with the certification statement located in T.O. 11A-1-60, para 7-12, CERTIFICATION PROCEDURES.

*3.5.2. Containers destined for DEPOT will be prepared in accordance with T.O. 11A-1-60 para 7-9, MARKING AND SEALING PROCEDURES.

4. Local procedures for retaining credit from the sale of recyclable munitions residue is established through the 919 SOW/FM office, the reimbursement from Eglin AFB DRMO will be

credited to an AFRC funding address for ADPE equipment. The FM office for wing wide distribution/utilization will control this account.

5. LOCAL PROCEDURES FOR REPORTING LIVE MUNITIONS FOUND AT EGLIN AFB DRMO:

5.1. DRMO officials contact Eglin EOD and Eglin Safety Office.

5.2. Special Situation Report is initiated by DRMO IAW DRAMS-1 3020.1 and forwarded to DRMO HQ, Battle Creek Michigan.

5.3. DRMO HQ uses Special Situation Reporting System to inform HQ AFRC/SEW.

5.4. Local procedures for retaining credit from the sale of recyclable munitions residue are established through the FM office, the reimbursement from DRMO will be credited to an AFRC funding address for ADPE equipment. The FM office for wing wide distribution/utilization will control this account.
