TURN-IN PROCEDURES

COMPLIANCE WITH THIS PUBLICATION IS MANDATORY

AFMAN 23-110, Volume 2 (CD), Part 13, Chapter 4, 1 October 1996, is supplemented as follows:

SUMMARY OF REVISIONS

This revision deletes all instances of "Element" in the Satellite Chief of Supply organization names and changes the documentation requirement from DD Form 1348-1 to DD Form 1348-1A (paragraph 4.7.1).

4.5.1. Equipment custodians ask for turn-in of equipment on the Custodian Authorization/Custody Receipt Listing (CA/CRL) by sending AF Form 2005, Issue/Turn-In Request, to Equipment Management in Supply (LSS/LGSC). Custodians can not request turn-in by calling Equipment Management. Turn-in of serviceable equipment items that are not on the custodial CA/CRL (non-EAID) will not be called in to Equipment Management.

4.7.1. Under no circumstances will hazardous waste be turned-in to Supply. The generating activity must retain physical custody until arrangements are made for pick-up. Documentation required for starting the disposal process is DD Form 1348-1A, Issue Release/Receipt Document. The generating activity will submit completed DD Form 1348-1A to the host Navy Environmental Department. Inspection in Supply (LSS/LGSD) will assist the generating activity in filling out the paperwork, if necessary. Prior coordination with Bioenvironmental Engineering (FW/SGPB) and Civil Engineering (FW/CE) is required.

ROBERT E. LYTLE, Colonel, USAFR
Commander

Supersedes AFMAN 23-110, Vol 2 (CD), Pt 13,
Chap 4 / 926 FW Sup, 13 Dec 95.
